PROTECTS AND SAVES

Twice the space for bedding
The space provided for the disposal of bedding is closed hermetically, preventing the intrusion of dust. This space also saves the space in the bedroom itself, because there is no need for additional cabinets. The room will always be tidy and neat.

GOOD PACKING

All parts of "Woody" beds are packed in cardboard boxes. Edges and other parts susceptible to damaging are additionally coated and protected with Styrofoam, this way, the possibility of any damaging during transportation is reduced to minimal.
